Natural Gas Drilling

The natural gas drilling at ET Works has been held up because of the DEP. They went onsite and saw that they were too close to the creek in Turtle Creek. Merrion Gas will have to complete a lot of paperwork to get approval. Once they get the approval, they will be coming back to talk to the borough. The borough will need a copy from the DEP to keep in the borough office.

Donation to Borough

During the meeting council mentioned the budget and how we are operating on a deficit. A gentleman named Tim Littke, that lives in the Jody Apartments on 200 Electric Ave., spoke up and asked if the borough would accept donations. He spoke of having wealthy friends that may want to donate to the borough and that he had a band and could possibly have a fund raiser for the borough. Council said that anything would be appreciated. We will see how this develops.
